PROFESSIONAL SUMMARY

Sr. Front-End Developer with 4.5+ years of experience building React, Next.js, and TypeScript applications across e-commerce, SaaS, financial services, and AI. Skilled in reusable UI architecture, performance optimization, payment integrations, real-time interfaces, and multilingual experiences.

SKILLS

Frontend: React.js, Next.js (App Router), TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Sass

State & data: Redux Toolkit, Context API, TanStack React Query, REST APIs, Firebase, Firestore, Strapi

Real-time & graphics: WebSockets, SSE, Socket.io, React Three Fiber, Three.js, Audio Worklets

Tools & practices: Git, Jest, Webpack, Sentry, SSR/ISR, accessibility, i18n/RTL, NextAuth.js, AI-assisted development

PROFESSIONAL EXPERIENCE

Sr. Front-End Developer | Noesis Knowledge Solutions Pvt Ltd

November 2021 - August 2026

- Reduced code duplication by **35%** by architecting reusable React components and modular state management with Redux Toolkit, Context API, and TanStack React Query.
- Cut JavaScript bundle size by **40%** and achieved **90+ Lighthouse Performance scores** using code splitting, lazy loading, image optimization, caching, SSR, and ISR.
- Built responsive e-commerce and donation interfaces with product variants, saved shopping carts, and wish list features; integrated **Razorpay and Dibsy payments**.
- Integrated REST APIs and NextAuth.js/JWT authentication; implemented **English/Arabic localization** with RTL/LTR layouts and locale-aware routing.
- Developed AI agent-builder interfaces with SSE progress updates and embeddable chat widgets with **WebSocket streaming**, voice input, and audio playback.
- Engineered CMS-driven financial services pages and a filterable research catalog with Next.js and Strapi; automated content refreshes through webhooks and on-demand ISR.
- Created an **interactive 3D jewelry configurator** using React Three Fiber and Three.js; managed server state with React Query and streamed AI interactions through WebSockets.
- Used **Claude, Cursor, and Codex** to accelerate frontend development, refactoring, and debugging, while reviewing and validating generated code.
- Reviewed pull requests, resolved production issues, and delivered accessible interfaces in collaboration with product, design, backend, and QA teams.

EDUCATION

Bachelor of Computer Applications (BCA) | 2015
Shri Siddhalingeshwar B.C.A College, Gokak, Belagavi

Languages: English, Hindi, Kannada
